PlayNow™ Terms and conditions (T&C)

Your mobile phone has PlayNow™, a unique entertainment service from Sony Ericsson. With PlayNow, you can, for example, listen to music tones before you download them to your phone. In some countries/regions you may be able to purchase e.g. music tones from some of the world's top musical artists ("Purchase").

PlayNow may not be available in all countries/regions

PlayNow is a trademark or a registered trademark of Sony Ericsson Mobile Communications AB.

PlayNow is a service provided by Sony Ericsson Mobile Communications (USA) Inc. (in the U.S.), and which allows you to download e.g. music tones ("Content") to your Sony Ericsson product. If you want to get in contact with Sony Ericsson, please go to the Contact Us section at the general Sony Ericsson web page (www.sonyericsson.com) or call our local customer care center.

Please note that Sony Ericsson may use an agent or partner for the purposes of billing, ordering and delivering Content.

Right to download and Purchase the Content will give you the right to use the Content exclusively for your own personal use. No license is granted to you with respect to the human-readable source code for any Content and no rights are sold, transferred or otherwise conveyed with respect to any Sony Ericsson or its content providers patents, copyrights, trade marks, trade secrets or other intellectual property rights.

User requirements

To Purchase Content you must be at least 18 years old or receive your parent's or guardian's consent. When using PlayNow, you hereby accept and agree to the following: (i) You will follow the user instructions you have been and will be presented with during the entire use of PlayNow; (ii) Your Sony Ericsson

product must support the technical requirements, if applicable; (iii) You may not initiate the PlayNow client without the Sony Ericsson product being sufficiently charged; and (iv) To the fullest extent permitted by law, neither Sony Ericsson nor its content providers can be held responsible for any damage or loss of other software or hardware of your Sony Ericsson product resulting from the use of PlayNow.

Payment terms

You hereby agree and accept to use PlayNow and when applicable Purchase Content for which you will be charged the amount appearing in your phone display and the service provider charge for sending a text message. The total cost for the Premium SMS (a payment mechanism automatically generating one or more text message(s) once you have accepted the Purchase) will be charged to your mobile phone bill or to your pre-paid phone card. Further payment terms will be determined by your subscription agreement with your operator. The cost for your connection to the PlayNow client via GPRS to download the Content is incremental and not included in the approximate price quoted in the phone display.

Cancellation and withdrawal

Once you have accepted a price quoted in the phone display along with these terms and conditions you have confirmed your Purchase and cancellation is not possible. Please note that by accepting the Purchase in the phone display you have implicitly consented that your order for services will be performed by Sony Ericsson prior to the end of the usual period for the right for withdrawal and since the services by their nature cannot be returned to Sony Ericsson, you will not be entitled to exercise your right to withdraw.

Content

The Content is owned by Sony Ericsson or Sony Ericsson's Content providers. You may download the Content exclusively for your own, personal use. Content may not be modified, altered or distributed.

Warranty Disclaimer and Limitation of Liability

CONTENT IS PROVIDED "AS IS" AND TO THE FULLEST EXTENT PERMITTED BY LAW SONY ERICSSON AND ITS CONTENT PROVIDERS SPECIFICALLY DISCLAIM ANY WARRANTY OR CONDITION WHATSOEVER REGARDING MERCHANTABILITY, FITNESS FOR A SPECIFIC PURPOSE, TITLE OR NON-INFRINGEMENT. TO THE FULLEST EXTENT PERMITTED BY LAW SONY ERICSSON ALSO DISCLAIMS ALL WARRANTIES WITH REGARD TO WHETHER THE CONTENT WILL MEET YOUR INDIVIDUAL REQUIREMENTS, WORK IN COMBINATION WITH ANY HARDWARE OR SOFTWARE OR OPERATE ON AN UNINTERRUPTED OR ERROR FREE BASIS. IN NO EVENT WILL SONY ERICSSON'S LIABILITY FOR ANY CLAIM RELATING TO THE CONTENT OR ITS USE, WHETHER IN CONTRACT, TORT, OR OTHERWISE, EXCEED THE AMOUNTS PAID BY YOU FOR SUCH CONTENT. IN NO EVENT WILL SONY ERICSSON BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, PUNITIVE, EXEMPLARY OR STATUTORILY MULTIPLE DAMAGES OF ANY KIND ARISING OUT OF YOUR PURCHASE, ATTEMPTED USE OR USE OF THE CONTENT. THE ABOVE LIMITATIONS ONLY APPLY TO THE GREATEST EXTENT PERMITTED BY LAW. NOTHING IN THESE TERMS AND CONDITIONS LIMIT YOUR STATUTORY RIGHTS AS A CONSUMER. PLEASE NOTE THAT YOUR PERSONAL SETTINGS AND/OR DOWNLOADS MAY BE LOST WHEN YOUR

SONY ERICSSON PRODUCT IS REPAIRED OR REPLACED. WITH RESPECT TO THE OPERATION OF PLAYNOW, IN NO EVENT SHALL SONY ERICSSON BE LIABLE FOR ANY USER ERROR, OR FOR THE AVAILABILITY, FAILURE OR NON-PERFORMANCE OF THE NETWORK SERVICE ON WHICH THE SONY ERICSSON DEVICE OPERATES.

Support

Sony Ericsson and its agents or representatives hereby reserve the right to refer the consumer to the relevant operator if the reason for the error is exclusively due to non-availability or non-functionality of the operator's services. In the event Sony Ericsson is required under law to remedy any failed delivery of a PlayNow content, Sony Ericsson's sole obligation to you, as determined in its absolute discretion shall be to repair or replace the Content. If, in Sony Ericsson's discretion such repair or replacement cannot be performed, Sony Ericsson will provide a refund in the amount of or your payment for the content. Sony Ericsson reserves the right to charge you a reasonable handling fee where the error may be attributed to you and/or your non compliance with all instructions applicable to PlayNow, including without limitation what is stated herein and in the phone display.

Access to PlayNow and Limitation

Sony Ericsson may change, modify or withdraw access to PlayNow at any time, including its services, without prior notice, and without any liability whatsoever. Sony Ericsson is not liable for the temporary non-availability of PlayNow, or for any delay or damage during the transmission. To the fullest extent permitted by law, no warranty of any kind is made in relation to the condition, suitability, availability, accuracy, reliability, merchantability and/or non-infringement of PlayNow or Content provided through the service,

the user's own equipment, any public communication and/or operator networks or that provision of this PlayNow or the services will be uninterrupted or error-free.

Export

The Content may be subject to applicable export control laws. You agree to obey all such laws and regulations with respect to your possession and use of the Content.

Dispute Resolution

Any controversy arising out of Sony Ericsson's provision of the Content or your use or attempted use of such Content shall be fully and finally resolved by the courts of your home country. The laws of the state of New York shall apply to the extent permitted by law, without regard to any conflict of law principles.

Getting started

Assembly, SIM card, battery, turning on, start-up menu, calls.

Instruction symbols

The following instruction symbols appear in this user guide:

Note

Indicates that a service or function is network- or subscription-dependent. Contact your network operator for details.

Use a selection or navigation key to scroll and select,  *16 Navigation.*

Press the navigation key center.

Press the navigation key up.

Press the navigation key down.

Press the navigation key to the left.

Press the navigation key to the right.

More information and downloads are available at www.SonyEricsson.com/support.

Assembly

Before you can use your phone you need to:

- Insert the SIM card.
- Insert and charge the battery.

SIM card and battery information

When you register as a subscriber with a network operator, you get a SIM (Subscriber Identity Module) card. The SIM card contains a computer chip that keeps track of your phone number, the services included in your subscription, and names and numbers in your contacts, among other things.

If you have used your SIM card in another phone, make sure that your information is saved to the SIM card before you remove it. For example, contacts may have been saved in the phone memory.

To insert SIM card and battery

1 Remove the battery cover.

3 Insert the battery with the label side up and the connectors facing each other.

2 Slide the SIM card into its holder with the gold contacts facing down.

4 Slide the battery cover into place.

To charge the battery

- 1 Connect the charger to the phone. The symbol on the charger plug must face upwards.

- 3 Wait approximately 2.5 hours or until the battery icon indicates that the battery is fully charged. Press a key to activate the screen.

- 2 It may take up to 30 minutes before the battery icon appears on the screen.

- 8 Getting started

This is the Internet version of the user's guide. © Print only for private use.

Battery

Some functions use more battery power than others and may cause a need for more frequent re-charging. If talk time or standby time becomes noticeably shorter, you may have to replace the battery. Only use approved batteries from Sony Ericsson ➔ *86 Battery*.

Memory Stick PRO Duo™

Your phone supports Memory Stick PRO Duo™. A Memory Stick adds more storage space to your phone to store, for example, music, ringtones, video clips and pictures.

With a Memory Stick you can share your saved information by moving or copying it to other Memory Stick compatible devices.

You can also use it as a portable memory for office documents, and move documents between the phone and a computer.

To insert and remove a Memory Stick PRO Duo™

- 1 Carefully open the Memory Stick Duo slot cover.
- 2 Insert the Memory Stick in the slot.
- 3 Press the edge of the Memory Stick to release it from the slot.

PIN

You may need a PIN (Personal Identity Number) to activate the services in your phone. The PIN is associated with your SIM card, and not with the phone. Your PIN is provided by your network operator. When you enter your PIN, each digit appears as *, unless your PIN starts with the same digits as an emergency number, for example 112. This allows for emergency calls without entering a PIN.

If you make a mistake while entering your PIN, delete the number by pressing **C**.

 If you enter the wrong PIN three times in a row, the SIM card is blocked and the message "PIN blocked" appears. To unblock it, you need to enter your PUK (Personal Unlocking Key) ► 75 SIM card lock.

Light sensor

The phone's built-in light sensor automatically adapts the screen and keypad brightness to suit the surrounding lighting conditions.

Turning on the phone and making calls

Make sure that the phone is charged and your SIM card is inserted before you turn it on. When you have turned the phone on, you can use the setup wizard to quickly and easily prepare your phone for use.

To turn on the phone

- 1 Press and hold **Ⓚ**. The first start-up may take a few minutes.
- 2 Select **Start Phone** to use the phone with full functionality or **Music Only** to use the WALKMAN™ player only. ► 11 Start-up menu.
- 3 Enter your SIM card PIN, if requested.
- 4 At first start-up, select the language for your phone menus.
- 5 ► **Yes** if you want the setup wizard to help you get started. Follow the instructions to complete the setup.

More information

You can start the setup wizard from the menu system at any time.

To activate the setup wizard

- ▶ Settings ▶ the General tab
- ▶ Setup Wizard.

Start-up menu

When the start-up menu is activated, each time you turn on the phone, you can select to listen to music only, with phone network transmitters turned off. This prevents disturbance of sensitive equipment, for example, in an airplane where calls and messages are prohibited. You cannot make calls, receive calls, or send messages, etc. You can only use the WALKMAN™ player. If you have selected Music Only, some limited functions are still available such as the alarm, calendar and task reminders.

 Always follow regulations and flight crew instructions with respect to onboard use of electronic devices.

deactivate the start-up menu

- ▶ Settings and scroll to the General tab
- ▶ Start-up Menu. Select Don't show.

To make and receive calls

- 1 Enter the phone number (with international prefix and area code if applicable) ▶ Call to make the call and ▶ End Call to end the call.
- 2 ▶ Contacts and select the contact to call. Use  or  to select a number.
- 3 When the phone rings ▶ Answer or ▶ Busy to reject the call.

Stereo handsfree headset

You can connect other headphones to your stereo handsfree headset using the 3.5 mm jack.

 You can still answer calls and use the microphone when other headphones are in use.

- 2 Scroll to the language that you want to use and mark it. ▶ Save to exit the menu.

Entering letters

There are two ways of entering letters when writing messages, notes or a name in contacts:

- Multitap text input
- T9™ Text Input

To enter letters using multitap input

- Press (2) - (9) repeatedly until the desired character appears on the screen.
- Press (*a/A) to shift between capital and lower-case letters.
- Press and hold (0+) - (9) to enter numbers.
- Press (C) to delete letters and numbers.
- Press (1) for the most common punctuation marks.
- Press (#->) to add a space.

T9™ Text Input

The T9 Text Input method uses a built-in dictionary to recognize the most commonly used word for each sequence of key presses. This way, you press each key only once, even if the letter you want is not the first letter on the key.

To enter letters using T9 Text Input

- 1 To enter text, you have to be in a function where text input is possible, for example, ► **Messaging** ► **Write New** ► **Text Message**.
- 2 For example, to write the word “Jane”, press (5), (2), (6), (3).
- 3 If the word shown is the one you want, press (#↵) to accept and add a space. To accept a word without adding a space, press (⊙). If the word shown is not the one you want, press (⊙) or (⊙) repeatedly to view alternative words. Accept a word and add a space by pressing (#↵).
- 4 Continue writing your message. To enter a mark, press (1) and then (⊙) or (⊙) repeatedly. Accept a mark and add a space by pressing (#↵).

To add words to the T9 Text Input dictionary

- 1 While entering letters ► **More** ► **Bell Word**.
- 2 Edit the word by using multitap input. Use (⊙) and (⊙) to navigate between the letters. To delete a character, press (⊙). To delete the entire word, press and hold (C).

When you have edited the word ► **Insert**. The word is added to the T9 Text Input dictionary. Next time you enter this word using T9 Text Input, it will appear as one of the alternative words.

To select another writing method

Before, or while entering letters, press and hold (*a/A) to select another writing method.

Options when entering letters

► **More** to enter a list of options that offers different alternatives when writing a message.

Activity menu

You can open the activity menu almost anywhere in the phone to view and manage new events, and access bookmarks and shortcuts.

To open and close the activity menu

Press (⊙).

- **New Events** – such as missed calls and messages. When a new event occurs, the tab appears on the screen. Press (C) to dismiss or delete an event from the event tab.

- **My Shortcuts** – applications that are running in the background. You can add, delete and change the order of shortcuts. When you select a shortcut and the application opens, other programs are closed or minimized.
- **Bookmarks** – your Internet bookmarks. When you select a bookmark and the browser opens, other programs are closed or minimized.
- If you want new events to appear as pop-up text instead of in the activity menu, ► **Settings** ► the **General** tab ► **New Events** ► **Popup**.

File manager

Use the File Manager to handle items such as **Pictures**, **Videos**, **Sounds**, **Themes**, **Web Pages**, **Games** and **Applications** saved in the phone memory or on the Memory Stick PRO Duo™.

Move and copy files between the phone, a computer and the Memory Stick. Create subfolders to move or copy files to. Games and applications can only be moved within the **Games** and **Applications** folders and from the phone memory to the Memory Stick. Unrecognized files are saved in the other folder. When handling files,

you can select several or all files in a folder at the same time for all items except **Games** and **Applications**.

All files are automatically saved in the phone memory. If the phone memory is full and you have a Memory Stick inserted, the files will automatically be saved on the Memory Stick. If both the phone memory and the Memory Stick are full, you cannot save any files until you have removed content.

File information

Items that are downloaded, or received using one of the available transfer methods, may be copyright protected. If a file is protected, you may not be able to copy or send that file. View file information by highlighting it ► **More** ► **Information**.

To use a file from the file manager

Bluetooth™ wireless technology

Bluetooth makes it possible to connect wirelessly to other Bluetooth devices. You can:

- connect to several devices at the same time.
- synchronize information with other devices.
- use the remote control functionality.
- use a remote screen.
- exchange items and play multiplayer games.

We recommend a range within 33 feet (10 meters), with no solid objects in between, for Bluetooth communication.

Before you start

Learn more about Bluetooth and how to use it by visiting www.SonyEricsson.com/support.

- Turn on Bluetooth to communicate with other devices.
- Pair the Bluetooth devices with your phone that you want to communicate with.

 Please check if local laws or regulations restrict the use of Bluetooth. If Bluetooth is not allowed, you must ensure that the Bluetooth function is turned off. The maximum allowed Bluetooth radio output power in the phone is automatically adjusted according to possible local restrictions. This means that the range may vary.

To turn Bluetooth on

- ▶ Settings ▶ the Connectivity tab
- ▶ Bluetooth ▶ Turn On.

Adding devices to your phone

Enter a passcode to set up a secure link between your phone and the device. Enter the same passcode on the device when prompted. Devices with no user interface, such as a handsfree, will have a pre-defined passcode. Consult the device user guide for more information.

 Make sure that the device you want to add has Bluetooth activated and visible.

To add a device to your phone

- ▶ Settings ▶ the Connectivity tab
- ▶ Bluetooth ▶ My Devices ▶ New Device to search for available devices.
- Select a device from the list.
- Enter a passcode, if required.

To organize your list of devices

- ▶ Settings ▶ the Connectivity tab
- ▶ Bluetooth ▶ My Devices and select a device from the list.
- ▶ More to view a list of options.

Power save

Turn on to reduce power consumption by optimizing your phone for use with a single Bluetooth device. Turn off to connect with several Bluetooth devices at the same time.

To save power

- ▶ Settings ▶ the Connectivity tab
- ▶ Bluetooth ▶ Powersave ▶ On.

Phone name

Enter a name for your phone to be shown to other devices when found.

To enter a phone name

- ▶ Settings ▶ the Connectivity tab
- ▶ Bluetooth ▶ Phone Name.

Visibility

Choose to make your phone visible to other Bluetooth devices or not. If set to hide, other devices will not be able to discover your phone via Bluetooth.

To show or hide your phone

- ▶ Settings ▶ the Connectivity tab
- ▶ Bluetooth ▶ Visibility ▶ Show Phone or Hide Phone.

Exchanging items

Send or receive items using Bluetooth as the transfer method. Choose a device from the list of found devices.

- To set the date and date format ► **Settings ► the General tab ► Time & Date ► Date**.

SIM card lock

The SIM card lock protects your subscription, but not the phone itself, from unauthorized use. If you change SIM cards, your phone still works with the new SIM card.

Most SIM cards are locked at the time of purchase. If the SIM card lock is on, you have to enter a PIN (Personal Identity Number) every time you turn on your phone.

If you enter your PIN incorrectly three times in a row, the SIM card is blocked. This is indicated by the message **PIN Blocked**. To unblock it, you need to enter your PUK (Personal Unblocking Key). Your PIN and PUK are supplied by your network operator. You can edit your PIN and select a new four- to eight-digit PIN.

*If the message **Codes Do Not Match** appears when you edit your PIN, you entered the new PIN incorrectly. If the message **Wrong PIN** appears, followed by **Old PIN**:, you entered your old PIN incorrectly.*

To unblock your SIM card

- 1 When **PIN Blocked** appears, enter your PUK ► OK.
- 2 Enter a new four- to eight-digit PIN ► OK.
- 3 Re-enter the new PIN to confirm ► OK.

To edit your PIN

- 1 ► Settings ► the General tab ► Locks ► SIM Lock ► Change PIN.
- 2 Enter your PIN ► OK.

- 3 Enter a new four- to eight-digit PIN ► OK.
- 4 Re-enter the new PIN to confirm ► OK.

To turn the SIM card lock on or off

- 1 ► Settings ► the General tab ► Locks ► SIM Lock ► Protection and select On or Off.
- 2 Enter your PIN ► OK.

Phone lock

Protect your phone against unauthorized use if it is stolen and the SIM card is exchanged. You can change the phone lock code (0000) to any four- to eight-digit personal code.

Automatic phone lock

If the phone lock is set to automatic, you do not need to enter your phone lock code until a different SIM card is inserted in the phone.

It is important that you remember your new code. If you should forget it, you have to hand in your phone to your local Sony Ericsson retailer.

To set the phone lock

- 1 ► Settings ► the General tab ► Locks ► Phone Lock ► Protection and select an alternative.
- 2 Enter the phone lock code ► OK.

To unlock the phone

If the phone lock is on, enter your code ► OK.

To edit your phone lock code

► Settings ► the General tab ► Locks ► Phone Lock ► Change Code.

Keypad lock

Lock the keypad to avoid dialing a number by accident.

 *Calls to the international emergency number 112 can still be made, even when the keypad is locked.*

Automatic keylock

In standby, automatic keylock means the keypad is locked a short while after you last pressed a key.

To set the automatic keylock

► Settings ► the General tab ► Locks ► Automatic Keylock.

Lock the keypad manually

In standby, press  ► Lock Keys. You can still answer an incoming call and the keypad locks again after the call. The keypad remains locked until you unlock it manually. To unlock the keypad manually, press  ► Unlock.

Start-up screen

You can select a start-up screen that will appear when you turn your phone on.

To select a start-up screen

► Settings ► the Display tab ► Start-up Screen and select an option.

Troubleshooting

Why doesn't the phone work the way I want?

This chapter lists some problems that you might encounter while using your phone. Some problems require you to call your network operator, but you can easily correct most of the problems yourself.

However, if you need to hand in your phone for repair, please note that you may lose information and content that you have saved in your phone. You are advised to make a copy of such information before handing your phone in for repair.

- A warranty period. Learn more about the warranty conditions in this user guide.
On www.SonyEricsson.com, under the support section in the language of your choice, you will find the latest support tools and information, such as software updates, Knowledgebase, Phone setup and additional help when you require it.
For operator-specific services and features, please contact your network operator for more information. You can also contact our Call Centers. See the phone number for the nearest Call Center in the list below. If your country/region is not represented in the list, please contact you local dealer. (The phone numbers below were correct at the time of going to print. On www.SonyEricsson.com you can always find the latest updates.)

In the unlikely event that your product needs service, please contact the dealer from whom it was purchased or one of our service partners. Save your original proof of purchase, you will need it if you need to claim warranty.

For a call to one of our Call Centers you will be charged according to national rates, including local taxes, unless the phone number is a toll-free number.

Guidelines for Safe and Efficient Use

Please read this information before using your mobile phone.

These instructions are intended for your safety. Please follow these guidelines. If the product has been subject to any of the conditions listed below or you have any doubt of the proper function make sure to have the product checked by certified service partner before charging or using it. Failure to do so might lead to risk for product malfunction or even a potential hazard to your health.

Recommendations for safe use of product (mobile phone, battery, charger and other accessories)

- Always treat your product with care and keep it in a clean and dust-free place.
- Warning!** May explode if disposed of in fire.
- Do not expose your product to liquid or moisture or humidity.
- Do not expose your product to extreme high or low temperatures. Do not expose the battery to temperatures above +60°C (+140°F).
- Do not expose your product to open flames or lit tobacco products.
- Do not drop, throw or try to bend your product.
- Do not paint your product.
- Do not attempt to disassemble or modify your product. Only Sony Ericsson authorized personnel should perform service.
- Do not use your product near medical equipment without requesting permission.
- Do not use your product when in, or around aircraft, or areas posted "turn off two-way radio".

- Do not use your product in an area where a potentially explosive atmosphere exists.
- Do not place your product or install wireless equipment in the area above your car's air bag.

CHILDREN

KEEP OUT OF CHILDRENS REACH. DO NOT ALLOW CHILDREN TO PLAY WITH YOUR MOBILE PHONE OR ITS ACCESSORIES. THEY COULD HURT THEMSELVES OR OTHERS, OR COULD ACCIDENTALLY DAMAGE THE MOBILE PHONE OR ACCESSORY. YOUR MOBILE PHONE OR ITS ACCESSORY MAY CONTAIN SMALL PARTS THAT COULD BE DETACHED AND CREATE A CHOKING HAZARD.

Power supply (Charger)

Connect the AC power adapter only to designated power sources as marked on the product. Make sure the cord is positioned so that it will not be subjected to damage or stress. To reduce risk of electric shock, unplug the unit from any power source before attempting to clean it. The AC power adapter must not be used outdoors or in damp areas. Never alter the cord or plug. If the plug will not fit into the outlet, have a proper outlet installed by a qualified electrician.

Use only Sony Ericsson branded original chargers intended for use with your mobile phone. Other chargers may not be designed to the same safety and performance standards.

Battery

We recommend that you fully charge the battery before you use your mobile phone for the first time. A new battery or one that has not been used for a long time could have reduced capacity the first few times it is used. The battery should only be charged in temperatures between +5°C (+41°F) and +45°C (+113°F).

Use only Sony Ericsson branded original batteries intended for use with your mobile phone. Using other batteries and chargers could be dangerous. The talk and standby times depend on several different conditions such as signal strength, operating temperature, application usage patterns, features selected and voice or data transmissions when using the mobile phone.

Turn off your mobile phone before removing the battery. Do not allow the battery to be put into the mouth. Battery electrolytes may be toxic if swallowed. Do not let the metal contacts on the battery touch another metal object. This could short-circuit and damage the battery. Use the battery for the intended purpose only.

Personal medical devices

Mobile phones may affect the operation of cardiac pacemakers and other implanted equipment. Please avoid placing the mobile phone over the pacemaker, e.g. in your breast pocket. When using the mobile phone, place it at the ear opposite the pacemaker. If a minimum distance of 15 cm (6 inches) is kept between the mobile phone and the pacemaker, the risk of interference is limited. If you have any reason to suspect that interference is taking place, immediately turn off your mobile phone. Contact your cardiologist for more information.

For other medical devices, please consult your physician and the manufacturer of the device.

Driving

Please check if local laws and regulations restrict the use of mobile phones while driving or require drivers to use handsfree solutions. We recommend that you use only Sony Ericsson handsfree solutions intended for use with your product.

Please note that because of possible interference with electronic equipment, some vehicle manufacturers forbid the use of mobile phones in

their vehicles unless a handsfree kit with an external antenna supports the installation. Always give full attention to driving and pull off the road and park before making or answering a call if driving conditions so require.

Emergency calls

Mobile phones operate using radio signals, which cannot guarantee connection under all conditions. Therefore you should never rely solely upon any mobile phone for essential communications (e.g. medical emergencies).

Emergency calls may not be possible in all areas, on all cellular networks, or when certain network services and/or mobile phone features are in use. Check with your local service provider.

Antenna

This phone contains a built in antenna. Use of antenna devices not marketed by Sony Ericsson specifically for this model could damage your mobile phone, reduce performance, and produce SAR levels above the established limits (see below).

Efficient use

Hold your mobile phone as you would any other phone. Do not cover the top of the phone when in use, as this affects call quality and may cause the phone to operate at a higher power level than needed, thus shortening talk and standby times.

Radio frequency (RF) exposure and SAR

Your mobile phone is a low-power radio transmitter and receiver. When it is turned on, it emits low levels of radio frequency energy (also known as radio waves or radio frequency fields).

Governments around the world have adopted comprehensive international safety guidelines, developed by scientific organizations, e.g. ICNIRP

(International Commission on Non-ionizing Radiation Protection) and IEEE (The Institute of Electrical and Electronics Engineers Inc.), through periodic and thorough evaluation of scientific studies. These guidelines establish permitted levels of radio wave exposure for the general population. The levels include a safety margin designed to assure the safety of all persons, regardless of age and health, and to account for any variations in measurements.

Specific Absorption Rate (SAR) is the unit of measurement for the amount of radio frequency energy absorbed by the body when using a mobile phone. The SAR value is determined at the highest certified power level in laboratory conditions, but the actual SAR level of the mobile phone while operating can be well below this value. This is because the mobile phone is designed to use the minimum power required to reach the network.

Variations in SAR below the radio frequency exposure guidelines do not mean that there are variations in safety. While there may be differences in SAR levels among mobile phones, all Sony Ericsson mobile phone models are designed to meet radio frequency exposure guidelines.

For phones sold in the U.S., before a phone model is available for sale to the public, it must be tested and certified to the FCC that it does not exceed the limit established by the government-adopted requirement for safe exposure. The tests are performed in positions and locations (that is, at the ear and worn on the body) as required by the FCC for each model. For body worn operation, this phone has been tested and meets FCC RF exposure guidelines when the handset is positioned a minimum of 15 mm from the body without any metal parts in the vicinity of the phone or when used with the original Sony Ericsson body worn accessory intended for this phone. Use of other accessories may not ensure compliance with FCC RF exposure guidelines.

A separate leaflet with SAR information for this mobile phone model is included with the material that comes with this mobile phone. This information can also be found, together with more information on radio frequency exposure and SAR, on: www.SonyEricsson.com.

Accessible Solutions/Special Needs

For phones sold in the U.S., you can use your TTY terminal with your Sony Ericsson mobile phone (with the necessary accessory). For information on Accessible Solutions for individuals with special needs call the Sony Ericsson Special Needs Center at 877 878 1996 (TTY) or 877 207 2056 (voice), or visit the Sony Ericsson Special Needs Center at www.SonyEricsson-snc.com.

Disposal of old electrical & electronic equipment

This symbol on the product or on its packaging indicates that this product shall not be treated as household waste. Instead it shall be handed over to the applicable collection point for the recycling of electrical and electronic equipment. By ensuring this product is disposed of correctly, you will help prevent potential negative consequences for the environment and human health, which could otherwise be caused by inappropriate waste handling of this product. The recycling of materials will help to conserve natural resources. For more detailed information about recycling of this product, please contact your local city office, your household waste disposal service or the shop where you purchased the product.

Disposing of the battery

Please check local regulations for disposal of batteries or call your local Sony Ericsson Call Center for information.

The battery should never be placed in municipal waste. Use a battery disposal facility if available.

End User Licence Agreement

This wireless device ("Device") contains software owned by Sony Ericsson Mobile Communications AB ("Sony Ericsson") and its affiliated companies ("Sony Ericsson") and its third party suppliers and licensors ("Software").

As user of this Device, Sony Ericsson grants you a non-exclusive, non-transferable, non-assignable license to use the Software solely in conjunction with the Device on which it is installed. Nothing herein shall be construed as a sale of the Software to a user of this Device.

You shall not reproduce, modify, distribute, reverse engineer, decompile, otherwise alter or use any other means to discover the source code of the Software or any component of the Software. For avoidance of doubt, you are at all times entitled to transfer all rights and obligations to the Software to a third party, solely together with the Device with which you received the Software, provided always that such third party agrees in writing to be bound by these rules.

You are granted this license for a term of the useful life of this Device. You can terminate this license by transferring all your rights to the Device on which you have received the Software to a third party in writing. If you fail to comply with any of the terms and conditions set out in this license, it will terminate with immediate effect.

Sony Ericsson and its third party suppliers and licensors are the sole and exclusive owner of and retain all rights, title and interest in and to the Software. Sony Ericsson, and, to the extent that the Software contains material or code of a third party, such third party, shall be entitled third party beneficiaries of these terms.

The validity, construction and performance of this license shall be governed by the laws of Sweden.

The foregoing shall apply to the full extent permitted by, when applicable, statutory consumer rights.

Limited Warranty

Sony Ericsson provides this Limited Warranty for your mobile phone and original accessory delivered with your mobile phone (hereinafter referred to as "Product").

Should your Product need warranty service, please return it to the dealer from whom it was purchased, or contact your local Sony Ericsson Call Center (national rates may apply) or visit www.SonyEricsson.com to get further information.

Our warranty

Subject to the conditions of this Limited Warranty, Sony Ericsson warrants this Product to be free from defects in design, material and workmanship at the time of its original purchase by a consumer, and for a subsequent period of one (1) year.

What we will do

If, during the warranty period, this Product fails to operate under normal use and service, due to defects in design, materials or workmanship, Sony Ericsson authorized distributors or service partners, in the country/region* where you purchased the Product, will, at their option, either repair or replace the Product in accordance with the terms and conditions stipulated herein.

Sony Ericsson and its service partners reserve the right to charge a handling fee if a returned Product is found not to be under warranty according to the conditions below.

Please note that some of your personal settings, downloads or other information may be lost when your Sony Ericsson Product is repaired or replaced. At present Sony Ericsson may be prevented by applicable law, other regulation or technical restrictions from making a backup copy of certain

downloads. Sony Ericsson does not take any responsibility for any lost information of any kind and will not reimburse you for any such loss. You should always make backup copies of all the information stored on your Sony Ericsson Product such as downloads, calendar and contacts before handing in your Sony Ericsson Product for repair or replacement.

Conditions

- 1 The warranty is valid only if the original proof of purchase issued to the original purchaser by a Sony Ericsson authorized dealer, specifying the date of purchase and serial number**, for this product, is presented with the Product to be repaired or replaced. Sony Ericsson reserves the right to refuse warranty service if this information has been removed or changed after the original purchase of the Product from the dealer.
- 2 If Sony Ericsson repairs or replaces the Product, the repaired or replaced Product shall be warranted for the remaining time of the original warranty period or for ninety (90) days from the date of repair, whichever is longer. Repair or replacement may involve the use of functionally equivalent reconditioned units. Replaced parts or components will become the property of Sony Ericsson.
- 3 This warranty does not cover any failure of the Product due to normal wear and tear, or due to misuse, including but not limited to use in other than the normal and customary manner, in accordance with the Sony Ericsson instructions for use and maintenance of the Product. Nor does this warranty cover any failure of the Product due to accident, software or hardware modification or adjustment, acts of God or damage resulting from liquid. A rechargeable battery can be charged and discharged hundreds of times. However, it will eventually wear out – this is not a defect. When the talk-time or standby time is noticeably shorter, it is time to replace your battery. Sony Ericsson recommends that you use only batteries and

chargers approved by Sony Ericsson. Minor variations in display brightness and color may occur between phones. There may be tiny, bright or dark dots on the display. These are called defective pixels and occur when individual dots have malfunctioned and can not be adjusted. Two defective pixels are deemed acceptable. Minor variations in camera image appearance may occur between phones. This is nothing uncommon and is not regarded as a defective camera module.

- 4 Since the cellular system on which the Product is to operate is provided by a carrier independent from Sony Ericsson, Sony Ericsson will not be responsible for the operation, availability, coverage, services or range of that system.
- 5 This warranty does not cover Product failures caused by installations, modifications, or repair or opening of the Product performed by a non-Sony Ericsson authorized person.
- 6 The warranty does not cover Product failures which have been caused by use of accessories or other peripheral devices which are not Sony Ericsson branded original accessories intended for use with the Product.
- 7 Tampering with any of the seals on the Product will void the warranty.
- 8 THERE ARE NO EXPRESS WARRANTIES, WHETHER WRITTEN OR ORAL, OTHER THAN THIS PRINTED LIMITED WARRANTY. ALL IMPLIED WARRANTIES, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE DURATION OF THIS LIMITED WARRANTY. IN NO EVENT SHALL SONY ERICSSON OR ITS LICENSORS BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY NATURE WHATSOEVER, INCLUDING BUT NOT LIMITED TO LOST PROFITS OR COMMERCIAL LOSS; TO THE FULL EXTENT THOSE DAMAGES CAN BE DISCLAIMED BY LAW.

Some countries/states do not allow the exclusion or limitation of incidental or consequential damages, or limitation of the duration of implied warranties, so the preceding limitations or exclusions may not apply to you.

The warranty provided does not affect the consumer's statutory rights under applicable legislation in force, nor the consumer's rights against the dealer arising from their sales/purchase contract.

*EUROPEAN UNION (EU)

If you have purchased your Product in an EU country you can have your Product serviced, under the conditions set out above, within the warranty period in any EU country where an identical Product is sold by an authorized Sony Ericsson distributor. To find out if your Product is sold in the EU country you are in, please call the local Sony Ericsson Call Center. Please observe that certain services may not be possible elsewhere than in the country of original purchase, for example due to the fact that your Product may have an interior or exterior which is different from equivalent models sold in other EU countries. It may not be possible to repair SIM-locked Products.

** In some countries/regions additional information is requested. If so, this is clearly shown on the valid proof of purchase.

FCC Statement

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.
