

Components

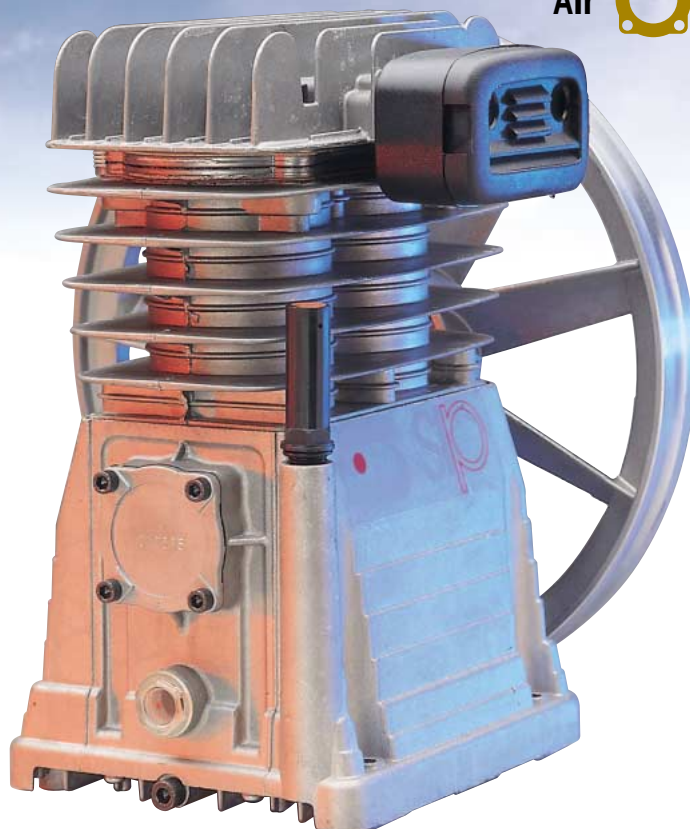

Compressor Units

A uniquely designed range of pumps combine the excellent fast cooling properties of aluminium alloy mainframe with the strength of cast iron cylinder liners.

This produces high volume free air delivery, ease of servicing and performance that is second to none.

Maintenance Kits

Comprising valve assembly, gaskets, air filter, non return valve pastilles, valve springs and discs. *(Depending on model - Please check before ordering).*

BASE UNITS - SADDLE MOUNTED	ITEM N°
BU 20 (2HP -10 CFM)	02260
BU 30 (3HP -15 CFM)	02265
BU 55 (5.5HP - 25.2 CFM)	02270
BU 75 (7.5HP - 30 CFM)	02275
BU 80PB (8HP PETROL HONDA - 25.2 CFM)	02278
BU 80PH (8HP PETROL B+S I/P - 25.2 CFM)	02277
