

## TECHNICAL DATA SHEET

### **MDU - Mains Distribution Unit 10-Way and 12-Way 1U**

#### Technical Specification

##### **Construction:**

19" x 1U aluminium box to Media specification

##### **Finish:**

BS9.099 Media Mist-Grey Eggshell paint.

##### **Mechanical:**

Height:	88mm
Width:	483mm
Depth:	200mm
Weight:	0.75kg

##### **Electrical:**

Mains Input:	220/240V 50 Hz
Input Connectors:	10-Amp IEC Male
Maximum Input Current:	10-Amp
Output Connectors:	10-Amp IEC Female
Maximum Output Current:	8-Amp each outlet 10-Amp total

##### **Sequential Start Version**

Time delay between Outlet: 30mS

##### **Fault Reporting Version**

Sense Connector:	BNC Female
Fault Indicator:	Closing contact in 'fault' condition

Conforms to the protection requirements of EU Council Directive 89/336/EEC (inclusive 93/68/EEC) for EMC/RFI emission and immunity and EU Council Directive 73/23/EEC for Low Voltage electrical safety as is appropriate for the product.
