SUB-MINIATURE PCB RELAYS

Kam Ling - SPCO 3A

A very low cost subminiature single pole changeover relay for low power applications. PCB mounting.

AgCdO contacts rated at 3A 24VDC.

Power consumption 360mW approx.

Kam Ling - SPCO 5A and 10A

Compact, low cost single pole relays for direct PCB mounting. Flux-tight design.

Available in 5A and 10A contact versions.

Power consumption 360mW approx.
