

Versatile Crimping Tools

Crimping Tools

The wide variety of crimping applications requires highly versatile tools. The new Harris crimpers provide performance and versatility with interchangeable die sets and multi-tasking functionality.

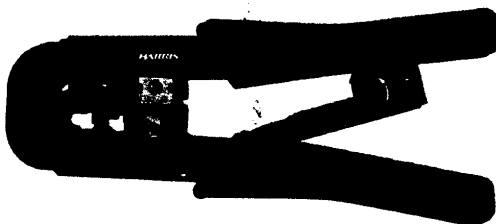

Pro2000™ Open Barrel Crimper

Professional crimping tool for open-barrel box and round connector contacts with a wire range of AWG 30-18 (0.05-0.75mm²).

- Lifetime warranty
- Full-ratcheting cycle and built-in safety release
- Precision fixed dual-plate dies for crimp accuracy
- Durable steel construction for long life
- Premium black oxide finish resists rusting
- Ergonomic handles for low-effort operation

P/N 11211-645

Modular Crimper

All-in-one crimping tool for Western Electric (WE)/Stewart Stamping (SS)-type, 6- and 8-position modular telephone plugs. Ratchet-controlled to master the tension of the tool for ease of use.

- Embedded flat cable cutter and stripper
- Crimps 8-position RJ45 connectors and 4- and 6-position RJ11 and RJ12 connectors
- Crimps AWG 28-24 telephone and data cables
- Premium black oxide finish resists rusting

P/N 11212-530

Crimper

Precision crimping at an affordable price. Interchangeable dies crimp most coaxial connectors, insulated and non-insulated terminals, wire ferrules, and modular plugs.

- Full-ratcheting cycle and built-in safety release
- Channel ratchet design minimizes teeth wear
- Steel dies are interchangeable and heat-treated for long life
- Easy-change die screws
- Ergonomically-designed handles for effortless operation
- Premium black oxide finish resists rusting
- Adjustable tension wheel
