

### Features-

#### Smooth connection

Thanks to the cantilever type contacts, mating is very smooth.

### • Distortion preventive construction

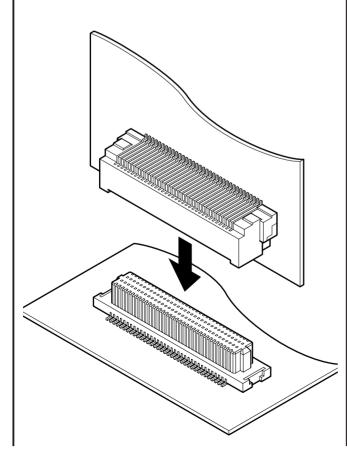

Box-shaped plug housing has the guide ribs on both ends, which prevents distortion, and offsetting the rib from the center axis provides the mating directionality.

### • Wide range of circuits

No. of circuits available are from 20 to 100, every 10 circuiits.

### • Embossed taping for automatic mounting

This connector is supplied in embossed tape packaging, for mounting by automatic placement machines.

## Specifications —

- Current rating: 0.5A AC, DC
- Voltage rating: 50V AC, DC
- Temperature range: -25°C to +85°C (including temperature rise in applying
  - electrical current)
- Contact resistance: Initial value/50m  $\Omega$  max. After environmental testing/100m  $\Omega$  max.
- Insulation resistance: 50M  $\Omega$  min.
- Withstanding voltage: 100V AC/minute
- \* Compliant with RoHS.
- \* Refer to "General Instruction and Notice when using Terminals and Connectors" at the end of this catalog.
- \* Contact JST for details.

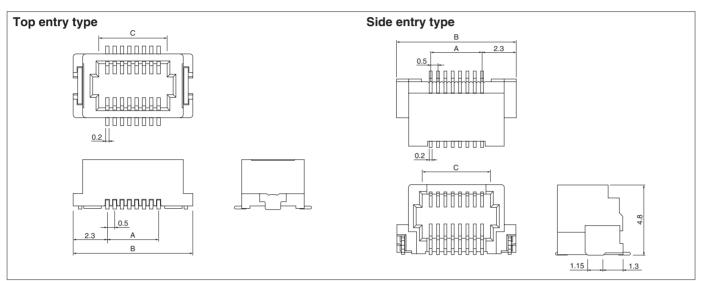

# Standards -

Recognized E60389

GP Certified LR20812

# JMD CONNECTOR
