The electronics world in a single slice
With a width of only 6.1 mm, a wide range of compact applications originates from this electronic development expertise.
The modular housing design supports the engineering with many intelligent features:
• **Maximum freedom of design** with large total surface area (6800 mm²) on the PCB – enabling the maximum component assembly with the space-saving form of the reflow-compatible THR terminals.
• **Customized design opportunities** with laser printing and housing colours, individual processing options, variable printing, and easily labelled hinged cover
• **Maximum processing efficiency** with reflow-compatible connection elements for reflow soldering in machine-ready tape packaging.
• **Error-free assembly and solder processes** with optimized frame and connecting adapter shapes on the PCB resulting in a perfect fit and positioning of the connection elements
• **Quick installation** with features such as "Wire Ready" or the all-purpose Multi-Tool screw head Electronics development expertise and Weidmüller's competence: that is a successful team for creating electronics applications.
Note: technical specifications are preliminary

General ordering data

Order No.	1073410000
Part designation	CH20M6 C TP
Version	Electronics housings, CH20M transparent, Tilt cover, Width: 6.1 mm
GTIN (EAN)	4032248831203
Qty.	50 pc(s).

Datasheet
