

AFS AMPLIFIER OVERVIEW

NIH
ISO 9001

This overview is an introduction to the AFS amplifier line. The models within represent only a small percentage of our standard catalog items. Please request our complete catalog for additional models or contact our engineers for custom design options!

- AFS SERIES Miniature low noise amplifiers
- AFD SERIES Balanced amplifiers
- MPN/AFSD SERIES Medium power amplifiers
- AFSX SERIES Coaxial in-line amplifiers
- NSH SERIES Low cost substrate amplifiers
- AFSM SERIES Surface mount amplifiers (SMT0-8 style)
- NSM SERIES Surface mount amplifiers
- SERIES Low cost two-stage amplifiers
- SERIES Variable gain amplifiers
- D SERIES Dual output amplifiers
- SERIES Desktop amplifiers
- ADDITIONAL DESIGNS Temperature compensated amplifiers
- Low voltage/current consumption amplifiers
- Microwave limiting amplifiers
