Harmonica Style Cluster Bars - An Efficient Way to Distribute Your 25 Pair Lines

Break out your 50 pin telco terminated cabling by connecting to a harmonica style cluster bar. These units use one male or female 25 pair telco connector as input and 6, 8 or 12 modular jacks as output. Two holes for screw mounting or 2-sided tape may be used. Connector has Velcro® hold-downs to eliminate screw tightening. USOC and 10Base-T wiring only.
