

# PD3001

## Data Transmission Cable

**PRO-POWER**  
Quality Cables

### Features:

- Single twisted pair of (7/30AWG) tinned copper conductors screened overall in aluminised polyester tape with integral drain wire.
- Screened cable 1 pair per metre.
- Area, conductor CSA: 0.336mm<sup>2</sup>; 22 AWG (7/0.25mm) tinned copper.
- Primary insulation: PVC.  
Secondary insulation: sheathed overall in grey PVC.
- Number of cores : 2.
- Continuous length in 1m multiples.

### Specifications

Overall Diameter	Impedance ( $\Omega$ )	Capacitance/metre		Part Number
		Core/core (pF)	Core/screen (pF)	
4.6	85	79	164	PD3001
