DS9106L-YL0+	iButton Halo, Yellow 60 mm
DS9106L-WH0+	iButton Halo, White 60 mm

+Denotes a lead(Pb)-free/RoHS-compliant product.

## DESCRIPTION

The DS9106 iButton Halos are 0.25 mm, thin vinyl highlighters that slide over an iButton that is to be labeled with text, picture or numeric information. The halo is retained by a friction fit to the iButton it is pressed onto and one or two DS9096P double-sided adhesive pads.

The halo itself is blank. Readable graphics are added using commercially available label printers such as the P-Touch series of products from BROTHER and the VARITRONICS EasyStep™ Label Printers. These manufacturers also offer software support for IBM and MAC compatible computers.

For best visibility and contrast, the labels should be printed black on transparent film. With their adhesive backing, they then mount on the fluorescent-colored iButton Halo.

*iButton is a trademark of Maxim Integrated Products, Inc*
