Dialight

DuroSite® LED Emergency Shower Safe Luminaire

Certifications

• CE - Compliant

EN 55015:2006 / EN 61547:2009 / EN 60598-2-22:1999

- IEC 60068 salt spray testing severity 1
- IK10 to EN 50102
- IP66 to EN 60529
- GOST R approved

Features & Benefits

- 5 year full performance warranty
- 360° visibility
- Instant on/off operation
- Mercury free, lead free
- LED indicator for fixture battery monitoring
- Resistant to shock and vibration
- L70 rated for >100,000 hours @ 45°C ambient
- Factory sealed

Application:

The Dialight DuroSite[®] LED Shower Safe Emergency Bulkhead luminaire has a rugged design to ensure long life and high reliability when used to identify emergency showers on large industrial sites. Specially designed optics and 360° viewing angle make this a high visibility light unit for this application. This self-contained maintained emergency luminaire offers a minimum of 3 hours of illumination equal to 10% of the standard output. It is ideally suited for explosive environments, mills, chemical plants and other hazardous environments where emergency shower areas are required. Dialight offers flush, angle, stanchion mounting bracket and adjustable mounting options for use with the DuroSite Bulkhead as well as a recessed housing.

Mechanical Information	<u>1</u>					
Fixture Weight:	5.4 kg (11.9 lb)					
Cable Entry options:	All cable entries are drilled and tapped see ordering option					
Electrical specifications						
Operating Voltage:	230/240 VAC					
Input Current:	110mA					
Input Wattage:	24W					
Battery:	3.6V 4Ah Nimh					
Battery Life:	4 years					
Battery duration:	>3 hours					
Operating Temp:	$0^{\circ}C$ to $+50^{\circ}C$ (-20 $^{\circ}C$ versions available)					
Harmonics: THD:	EN 61000-3-2: 2006 <20% @ 230 VAC					
Surge Protection:	EN-61000-4-5 1 kV line to line 2 kV line to ground					
Power Factor:	> 0.9					
<u>Materials</u>						
Housing:	Copper free aluminium cast					
Finish:	Light grey epoxy powder coated (RAL7001)					
Lens:	High Impact resistant polycarbonate					
Mounting Brackets:	306 Stainless steel					
Stanchion Brackets:	Copper free LM6 aluminium cast					
Configuration:	Flush or 30° angle					
Photometric Information						
Dominant Wavelength	530.0 nm					
All values typical unless otherwise state

DuroSite® LED Emergency Shower Safe Luminaire Mounting Options

	Part Number Description				
Tool I	WPBRKTSSADJ	Adjustable bracket 306 stainless steel adjustable bracket 6x Ø 8.5mm (0.35") mounting holes Recommended to be used with WEA2 or WEA4 versions.			
	WPSTMBLG0022	BSP threaded straight stanchion mounting bracket Copper free LM6 material with EPDM gasket applied and 2 M6 grub screws Stanchion mount bracket comes with BSP 1 1/2" threaded base that fits 1 1/2" pole. Other threading options available, MOQ applies. Recommended to be used with WEA5 versions.			
	WPSTMBLG0024	NPT threaded straight stanchion mounting bracket Copper free LM6 material with EPDM gasket applied and 2 M6 grub screws Stanchion mount bracket comes with NPT 1 1/2" threaded base that fits 1 1/2" pole. Other threading options available, MOQ applies. Recommended to be used with WEA5 versions.			
	WPSTMBLG2522	BSP threaded 25 degree stanchion mounting bracket Copper free LM6 material with EPDM gasket applied and 2 M6 grub screws Stanchion mount bracket comes with BSP 1 1/2" threaded base that fits 1 1/2" pole. Other threading options available, MOQ applies. Recommended to be used with WEA5 versions.			
	WPSTMBLG2524	NPT threaded 25 degree stanchion mounting bracket Copper free LM6 material with EPDM gasket applied and 2 M6 grub screws Stanchion mount bracket comes with NPT 1 1/2" threaded base that fits 1 1/2" pole. Other threading options available, MOQ applies. Recommended to be used with WEA5 versions.			
-	WPRECESSWH	Recessed housing welded aluminium construction with white powder coating (Ral 9010) (refer to certificate schedule for ambient operating conditions)
