"F" Terminated Video Cables - Now Available with Either RG59 or RG6 Coax

For the first time, L-com is providing "F" type terminated coaxial cables with molded ends. Standard lengths are always in stock in your choice of RG6 to be used as a trunk or feed cable or the more traditional RG59 types which are used as patch or interconnect cables. Most popular interseries adaptors that mate with "F" terminated cables are also offered for your convenience.
